# From The Director's Desk

**Prof K M Baharul Islam**

D.Litt., FRAS  
Director, IMT Hyderabad

## Greetings from the Institute of Management Technology, Hyderabad!

Since its establishment in 2011, IMT Hyderabad has stood among India's premier management institutions. Our educational philosophy is built on the belief that true leadership emerges from a balance of intellectual rigor, ethical clarity, and expressive confidence.

Across our PGDM, FPM and Executive Program offerings our teaching-learning is designed for real-world impact – a major part of our classroom sessions and assessment is devoted to real-life case studies and examples, ensuring students develop sharp analytical skills, critical thinking, and the problem-solving agility that top recruiters look for. This practical approach doesn't just prepare you for exams—it prepares you for excellence in placement interviews and beyond.

In today's interconnected and fast-evolving global economy, knowledge alone is insufficient. The ability to articulate ideas with clarity, engage in thoughtful debate, and lead with self-awareness defines professional success. With this understanding, we have embedded two distinctive initiatives into our learning ecosystem: the IMTH League and the Daily Reflective Learning practice.

The IMTH League is designed to equip students with the ability to think critically, argue persuasively, and present their ideas with confidence. Through structured training and competitive engagement, students learn to navigate complex viewpoints, respond under pressure, and communicate with impact—skills essential for leadership in any professional arena. Complementing this, our Daily Reflective Journal initiative fosters introspection and purposeful growth. This practice cultivates self-aware, emotionally intelligent leaders who lead with intention and integrity.

Together, these unique value propositions ensure that IMT Hyderabad graduates are not only adept problem-solvers but also influential communicators and mindful leaders. The Institute has shown impressive growth in terms of its academic innovations, corporate connections, and global collaborations with reputed business schools with respect to student and faculty exchange.

**Let's learn, reflect, and lead together.**

***Dear aspirants!***

***Come and discover your potential at IMT Hyderabad—where passionate faculty and diverse peers empower you to excel. Join us in our journey toward excellence—where ideas are expressed, challenged, and refined; where leaders are not just trained, but transformed. Your journey to extraordinary impact begins here.***

## In-bound Students

**Julliette Laffittee**

**SEP 2023-24**

**Neoma Business School, France**

Being one of only three international students was both challenging and rewarding. Supportive professors and friendly Indian peers fostered an inclusive environment that deepened my cultural understanding and adaptability. The warmth, diversity, and experiences I gained have truly broadened my horizons and strengthened my appreciation for global perspectives.

**Tuharao Cabral**

**SEP 2023-24**

**Neoma Business School, France**

My exchange program in India, through the partnership between Neoma BS and IMT Hyderabad, was an enriching academic and cultural journey. Living on campus allowed me to experience Indian student life firsthand and build lasting friendships. The supportive academic environment enhanced my skills and opened new perspectives. This experience has inspired a lasting curiosity and a strong desire to return to explore more of this remarkable country.

**Marine Karvadec**

**SEP 2023-24**

**Neoma Business School, France**

I'm truly grateful for the opportunity to study in India, the land of a thousand colours. My time at IMT Hyderabad was an enriching blend of academics, culture, and self-discovery. Immersed in campus life alongside Indian students, we were warmly welcomed and learned to adapt beyond our comfort zones. Despite cultural differences, the support from professors and peers made it a memorable and transformative experience I'll always cherish.

***Experiences shared by inbound exchange students from NEOMA Business School, France, at IMT Hyderabad.***

## Out-bound Students

### Sirisha Peddemul

My exchange program at NEOMA Business School, France, was a transformative experience that enhanced my global outlook and cross-cultural skills. Collaborating with international peers and exploring 20 European countries broadened my perspective and personal growth. I'm deeply grateful to IMT Hyderabad for this invaluable opportunity.

### Yasham Gupta

My exchange program at NEOMA Business School, France, was a transformative journey that strengthened my confidence, adaptability, and global outlook. Experiencing a new academic system and exploring 17 countries enriched my understanding of cultural diversity. I'm grateful to IMT Hyderabad for this opportunity to learn beyond borders.

### Shrishti Sah

What began as a spontaneous decision turned into an unforgettable journey. My exchange at NEOMA Business School, France, enriched my marketing perspective and cultural understanding while travels across 17 countries built my confidence and creativity. I'm deeply grateful to IMT Hyderabad, Professor Nitin Gupta, and Keerthivasan V for making this experience possible.

### Sushant Bhawar

The exchange program at NEOMA Business School, France, was a transformative journey that broadened my global outlook. Exploring 16 countries and engaging with NEOMA's diverse academic environment enhanced my financial acumen and analytical skills. I'm grateful to IMT Hyderabad for enabling this invaluable experience of learning and growth..

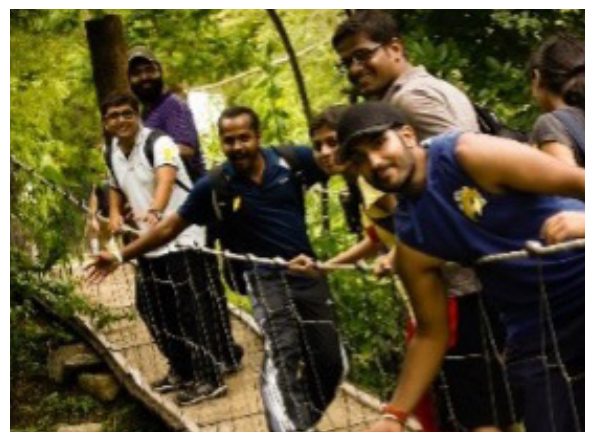

# Student Life

- IMT Hyderabad repeatedly reinforces its unwritten rule, "IMT Hyderabad never sleeps."
- 12 student clubs and 4 committees keep the students engaged in activities beyond the classroom all-round the year.
- IMPELZ, Ace - Connect (Inter corporate meet), PERIODOS (sports fest) are the marquee events on campus.
- Students are encouraged to participate in management fests organized by reputed B-Schools. The college awards the winning team with an equal amount in cash or kind.
- Antragna (The Cultural Club) hosts renowned musicians and artists on campus every year.

# The Inner Compass: Cultivating Leadership from Within

At IMT Hyderabad, we have launched a transformative shift in how we prepare our students for the modern workplace.

***“Reflective Learning through Daily Journals”*** stands out as one of its kind among B-schools in India. Beyond conventional learning, the institute mandates every student to maintain a structured digital journal, guided by prompts such as ***“What challenged me today?”*** and ***“How did my values influence my decisions?”***

This daily practice of introspection, supported by faculty mentorship and recognised through awards like the ***“Thought Leader of the Term,”*** ensures that students not only acquire knowledge but also internalise it. Be ready to join a new generation of champions who lead with clarity, bridging the critical gap between theoretical learning and real-world leadership.

## Forging Persuasive Leaders at the IMTH League

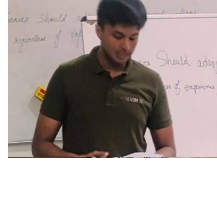

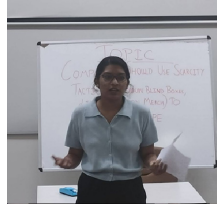

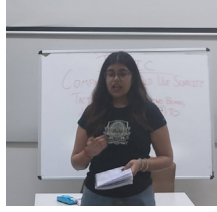

IMT Hyderabad is the first B-School in India to institutionalise a world-class, union-style debate platform as a core leadership development tool, not just an extracurricular activity. Complementing this inward journey is the IMTH League, a pioneering debate platform designed to hone leadership communication skills in a manner rarely seen in Indian management education.

Inspired by legendary forums like the Oxford and Cambridge Unions, the League empowers students to articulate complex ideas with conviction, structure arguments under pressure, and engage respectfully with opposing viewpoints.

***This initiative doesn't just teach students to speak well; it rewires them to think critically and communicate impactfully, ensuring their brilliance is not just known, but felt and remembered.***
