A photograph of the IMT Hyderabad building, a large structure with a mix of stone and red brick facades. Several green trees are planted in front of the building. The sky is overcast with grey clouds. The text 'IMT HYDERABAD' is overlaid on the bottom half of the image in a large, white, sans-serif font.

IMT HYDERABAD

VISION

To be a leading management Institute that nurtures socially responsible business leaders.

MISSION

- To promote academic excellence
- To enhance industry readiness through learner centric pedagogy and industry inspired curriculum
- To instill social conscientiousness

DIRECTOR'S MESSAGE

“

Greetings from Institute of Management Technology, Hyderabad!

IMT Hyderabad, one of the leading Management Institutions in India has been nurturing socially responsible business leaders since 2011. Right from its inception the underlying philosophy of the IMT Hyderabad has been to create well balanced individuals who would be change agents of future and carry forward the legacy of IMT brand. In our endeavor to groom business leaders of tomorrow, we are extremely focused on rigor and quality in our teaching-learning processes. With a passion and commitment to create an ecosystem for scholastic excellence, we ensure holistic development of our students by imparting knowledge and contemporary skill sets.

We nurture socially responsible business leaders through our PGDM, FPM and Executive program offerings. The institute has shown impressive growth in terms of its academic innovations, corporate connect, and global collaborations with reputed business schools in respect of student and faculty exchange. The industry oriented curriculum, innovative pedagogical tools help students to understand, and analyze topical business problems. Our curriculum not only helps students in acquiring domain proficiency, critical thinking & problem-solving skills but also global orientation and social consciousness through global and social immersion initiatives.

Our students have managed to excel in the industry and the belief has been reinforced by the consistent faith of recruiters in offering our students diverse and challenging roles in their organizations.

We welcome you to explore the world of IMT Hyderabad, to unleash your latent potential under the able guidance of passionate faculty members and interactions with diverse peers. IMT Hyderabad is striving to be a global institution in an interconnected world. Dear aspirants, I invite you to join us in our journey to excellence and be part of an inspiring and deeply rewarding educational enterprise.

Dr. K Sriharsha Reddy

Director
IMT Hyderabad

MESSAGE FROM PROGRAM CHAIRPERSON

“

Dear Prospective Students,

Congratulations on considering IMT Hyderabad as a destination for your business education.

At IMT Hyderabad, we work really hard to keep the curriculum of our PGDM programs contemporary and industry-relevant. With industry stakeholder involvement in the design, delivery, and update of our program curriculum, we ensure that all our courses cater to a variety of student career goals and aspirations. Our students are nurtured to be tomorrow's business leaders through a learner-centric pedagogy that ensures deep functional proficiency while fostering cross-functional thinking. We pay specific attention to instilling social consciousness amongst the students through our curriculum, in line with our overall commitment to a sustainable future.

All the very best for your admissions process. Please make sure you put your best foot forward and be the best version of yourself.

Regards

Dr. Vinay Kumar Kalakbandi

Chairperson, PG Programs

MESSAGE FROM HEAD- PLACEMENTS

“

IMT Hyderabad placements are a testimony to the relations we have with the corporate world – something that has been meticulously built over the years. IMT Hyderabad takes pride in achieving nearly 100% placements year on year in some of the best global and Indian organizations. One major factor that distinguishes IMT H placements from others is the fact that we have succeeded in providing a Career path to our students, and not just their first job after MBA. Our students have gone a long way in their careers where we have placed them. Students are also provided a host of opportunities and trainings to groom them and help them prepare for the interviews in the companies that come for campus placements. Our Industry mentor-mentee program is one such initiative, where the students are mentored personally by an industry leader, enabling them to hone their skills while being mentored. This and many other initiatives help the students in building a successful career.

As we start the admission process for the class of 2022-24, we invite prospective students to IMTH and embark on a successful professional journey through a best in class placement assistance. Together, we will help you get placed in one of the best organization.

Some of the marquee names where our students get placed include companies like Amazon, Deloitte, KPMG, Arcesium, DE Shaw, Tata Power, Reliance Retail, Volvo-Eicher, Marico, PwC, Tata Aerospace, CRISIL, Factset, Berkadia, Genpact, ICICI Bank, HDFC Ltd, Federal Bank, Invesco, Hexaware, IDFC first Bank, Oracle, Novartis, Wipro, Cognizant, TCS, Zee media and so on.

ALUMNI SUCCESS STORIES AND TESTIMONIALS

“

Pushkar Ghatole

Analytics Advisory Specialist/Data Scientist
 Accenture Solutions Pvt Ltd, Mumbai
 Batch 2013-15

I pursued PGDM General from IMT Hyderabad in 2013-15 with a dual specialisation in Supply Chain Management and Analytics. This course has been the turning point in my career which helped me venture into the domain of Analytics when it was relatively new. The unique pedagogy that covered all the essentials of the domain enabled me to set a strong foundation for my career. The courses offered the right mix of technical and business knowledge that was required for the kind of roles that I was aiming for. Within 3 years I was able to scale up to the lead role, managing a team to deliver machine learning solutions to clients from different fields. Today, I lead the design, development, implementation and operations of a solution in Automotive Warranty Analytics. I believe, IMT Hyderabad has a major share in the milestones that I have been able to achieve and I am always grateful to the institution for shaping up my career.

”

“

Sandhya Ramasubramanian

Vice President-Financial Strategy
 Anand Rathi Wealth Ltd.
 Batch 2013-15

It's a matter of great pride to carry the tag of IMT-Hyderabad as I climb up the corporate ladder in my career. This esteemed alma mater has helped me enhance my professional capabilities and has taken me several notches higher with respect to my contemporaries. The reasons for this are aplenty. Some of the management skills that have come handy while dealing with my professional engagements with my clients are leadership and interpersonal skills, critical thinking and analytical skills. These qualities have helped me come up the learning curve, rather swiftly and in turn, shaped me up as a thorough professional. Taking a bird's eye view of the problem in hand and logically arriving at a solution using strategic tools is something which I picked up from my B-School days. The discipline, time management and the ability to multi-task have taken precedence while executing the day-to-day modus operandi in my current organisation. I am eternally grateful to IMT for transforming my personality and catapulting me to a successful life!

”

“

Sumeet Gupte

Senior Manager - Operations
 (Philippines), NephroPlus
 Batch 2014-16

In IMT-Hyderabad, 20% of each subject is taught by leading industry experts. These industry practitioner sessions helped me gain a deep insight on the real-world application of the theories learnt. Even today, as I deal with a very multicultural and multinational team, practitioner sessions from my Organisational Behaviour, Business Negotiation, and Marketing courses, to name a few at IMT-H, help me navigate these waters.

”

“

Sanjula Miglani

Marketing Head
 Dineout (Times Internet Ltd.)
 Batch 2014-16

Most people know me as a Brand Marketer, as I lead marketing for Dineout, a Times Internet Company. However my friends and family know me as an ambitious girl from the small town of Ghaziabad, India. From marketing on-site in the e-commerce space to leading business marketing for Dineout & working crazy hours in a day, I've come a long way and honestly I've truly just begun for there are miles to go. One constant that I have to thank for my achievements in life is my PGDM course from IMT-Hyderabad. The school not only taught me to engage in qualitative research and leverage the same for problem solving but also made me a disruptive marketer in my approach. If you want to find me outside of work, I would be found spending long hours on my Social Media Handles.

”

STUDENT TESTIMONIALS

Simaran Sinha

PGDM
Batch 2021- 23

One of the first things that stood out for me when I started at IMT was the program's pedagogy and how the college ensured that our transition from offline to online learning was smooth. My favourite part about learning at IMT is the practitioner sessions. When I heard the term "practitioner session" for the first time, I expected a simple guest lecture. Instead, we got the opportunity to learn about some topics in our syllabus from industry stalwarts - people who were currently working and had years of experience to share with us. Practitioners gave us seasoned insights on issues that constantly evolved and helped us learn beyond the classroom. Our journey of applying theoretical knowledge to practical situations started right in the first term. It will continue with us for each term, preparing us to venture into the corporate world for when we pass out.

Sanjana Nahata

PGDM Financial
Management
Batch 2021-23

The best part of studying at IMT Hyderabad is that learning and fun go hand in hand. This is what the clubs and committees at IMT help the students do. Gain lots of knowledge while enjoying our work. The best part is that the clubs and committees at IMT Hyderabad are completely student-driven, giving us the liberty to implement classroom learning practically. While we work in teams at these clubs, I can say that I have evolved as a team player in the past few months. As a part of various clubs and committees, I am able to enhance my management skills while planning, organizing, managing finances, and coordinating during events. Lastly, I can say that I have transformed as an individual by constantly learning from my peers and developing my skills for a better and brighter tomorrow.

Kshitij Raj

PGDM Analytics
Batch 2020- 22

For me, Analytics has always been an integral part of my journey. Although numbers are hard to deal with, it is the 'process' which incites me the most, and IMT Hyderabad has played a major role in developing and honing my analytical skills, ever since the 1st term. Subjects like Business Statistics, Data Analysis for Decision Making, Business Forecasting, etc. have helped me during the placement processes too. Apart from this, the labs in IMT H have a top-class infrastructure, and state-of-the-art Personal Computers. Taking an example of Big Data Lab, the specifications of the systems match with what is currently required in the real world, when it comes to dealing with huge amount of data. The world class infrastructure and teaching pedagogy makes IMT H a unique campus for learning and development.

Suvechha Chatterjee

PGDM Marketing
Batch 2021-23

The PGP curriculum at IMT Hyderabad has industry readiness baked right into it. We constantly collaborate with industry veterans and reputed academics in design, delivery and update of our curriculum. We work hard to keep our curriculum in sync with the latest industry trends. What this results in is a vibrant bouquet of electives for the students to choose from based on their personality, interests and career aspirations. We provide for a wide variety to learning journeys and groom students to be socially responsibly business leaders.

INTERNATIONAL PARTNERSHIPS

50 INSTITUTIONAL PARTNERS
